TRANSMITTAL OF MODIFICATIONS TO SOIL SAMPLING AND ANALYSIS PLAN
(SAP) TO CHARACTERIZE INDIVIDUAL HAZARDOUS SUBSTANCES SITES (IHSS)
121 AND 148 AT BUILDING 123, REVISION 1 - KAD-041-98

The purpose of this letter is to inform the DOE that Kaiser-Hill, L.L.C. and Rocky Mountain Remediation Services, L.L.C., Document Control is sending a controlled copy of the Building 123 SAP IHSS, Revision 1, to the DOE for approval and subsequent transmittal to the Colorado Department of Public Health and Environment (CDPHE). Attached also is a redline/strike through copy of the SAP.

Modifications to the Building 123 SAP are being made in accordance with the Rocky Flats Cleanup Agreement, Part 10, Changes to Work, Paragraph 123, which required DOE to make written notice to CDPHE of its intent to make modifications to the work being done pursuant to the Building 123 SAP. The redline/strike through copy is being provided so that DOE and CDPHE can readily determine both the extent and context of the proposed changes.

Please contact me at my office should you have any questions.
